Dear Industry Representatives,
dear Professors and PhD Students,

we are happy to announce the meanwhile 6th PhD Student Workshop on Polymer Reaction Engineering and invite you to join us in Vienna (Austria). The workshop is going to be held from September 8th – 10th, 2017 in Vienna as a direct follow-up event to the Danube Vltava Sava Polymer Meeting ([DVSPM](#)).

The PhD Student Workshop represents an international platform where young researchers in the field of polymer reaction engineering can build up valuable networks. It is an opportunity to meet fellow PhD-students and to get into contact with interesting companies and potential employers while presenting their latest research results.

We are looking forward to seeing you there.
