

Call for Nominations: WCCE Awards 2025

The **World Congress of Chemical Engineering (WCCE) 2025**, held in **Beijing, China, from July 14–18, 2025**, is pleased to announce the **WCCE Awards**, recognizing outstanding contributions in the field of chemical and process engineering. We invite nominations for three distinguished award categories, honoring excellence across different career stages and achievements.

Award Categories:

1. **Lifetime Achievement Award**
 - Recognizes individuals with outstanding lifelong contributions to chemical and process engineering.
 - Open to researchers and professionals **aged 55 and above** who have demonstrated a significant impact on industrial processes, innovation, or academic advancements.
2. **Research Excellence Award (Mid-Career Professionals)**
 - Acknowledges distinguished contributions in research and development for professionals between **35 and 55 years old**.
 - Candidates should have demonstrated outstanding scientific, technological, or industrial advancements with significant real-world applications.
3. **Young Researcher Award**
 - Honors promising young researchers **under the age of 35** who have made innovative contributions to chemical and process engineering.
 - Consideration will be given to candidates with significant achievements in academia, industry, or applied research.
 - Flexibility in age limits for women or men with career breaks will be applied.

Nomination Guidelines:

- **Deadline for Submissions:** 24 April 2025
- **Announcement of Winners:** May 2025
- **Award Ceremony:** July 14-18, 2025, during WCC 2025

Each nomination must include the following documents:

- A **nomination letter** (max. 2 pages) describing the nominee's contributions and impact.
- A **detailed CV** including a list of key publications and patents.
- **Two letters of recommendation** from industry or academia.
- Supporting materials such as citation records, awards, or significant project outcomes (optional).

Award Benefits:

- Winners will receive a **certificate of recognition and a monetary prize**
- Travel support or waived registration fees for the WCC 2025 Conference in Beijing.
- Opportunities to deliver **keynote talks** during the event.

Sponsorship & Funding:

The final prize amount for each category will be determined based on sponsorship availability. We invite organizations and industry leaders to **support these awards** and promote excellence in the field of chemical and process engineering.

How to Submit a Nomination:

Nominations should be submitted via email to [**office@wcec-online.org**] with the subject line: "**WCCE Award Nomination – [Award Category] – [Nominee's Name]**".

For further information, please contact **Willi Meier** at **office@wcec-online.org**.

We encourage all professionals, researchers, and institutions whose societies are members of the World Council of Chemical Engineering to nominate outstanding individuals and contribute to celebrating excellence in our field
