

2022 Summer School on Crystallization
Organized by the WP on Crystallization of the EFCE
<https://efce.info/WPC.html>

Venue: TU/Dortmund

Dates: Wednesday June 29th – Saturday July 2nd, 2022

Preliminary Program:

Each lecture will be delivered by two speakers: one from industry and one from academia. The names of the speakers will be communicated shortly.

Wednesday June 29 th		Thursday June 30 th		Friday July 1 st		Saturday July 2 nd	
Morning	Afternoon	Morning	Afternoon	Morning	Afternoon	Morning	Afternoon
-	Lecture 1	Lecture 2	Social event	Lecture 3	Lecture 4	Challenges in crystallization	-

Lecture 1: Solid forms and their thermodynamics

Lecture 2: Nucleation and Molecular Growth

Lecture 3: Aggregation and Breakage

Lecture 4: Modelling and Control

The school will be closed by a discussion driven by the participants on the future challenges in crystallization!

Deadlines and registration:

The school is free of charge, but potential participants should show interest in the school by sending a registration email to cryst.summer.school@gmail.com before April 15th 2022.
