### **EFCE calls for nominations in the field of Mixing 2021 Nienow Lifetime Recognition Award in Mixing**

The European Federation of Chemical Engineering (EFCE) and its Working Party on Mixing are pleased to present the calls for nominations for the **2021 Nienow Lifetime Recognition Award in Mixing**.

The Lifetime Recognition Award was established in 2000 in recognition of outstanding contribution to mixing research and practice to a senior researcher or industrial engineer belonging to one of the EFCE member countries throughout his/her career. Previous Award winners were John Smith (2000), Alvin Nienow (2003), John Bourne and Ivan Fort (2006), Joël Bertrand (2009) Franco Magelli (2012), Harry van den Akker (2015), and Michael Yianneskis (2018).

The award consists of a plaque, a certificate, a cash prize of 1,000 euros, and an invitation to the 17<sup>th</sup> European Conference on Mixing.

Nominations must be submitted by members of a national or regional member association of EFCE.

Closing date for nominations: **Monday, 15 March 2021**

For further information about the nomination procedure, eligibility, supporting documentation, etc., please refer to the EFCE website at [https://efce.info/Nienow\\_LifetimeRecognitionAward\\_Mixing](https://efce.info/Nienow_LifetimeRecognitionAward_Mixing)

The Award is generously sponsored by **Alvin and Helen Nienow**.

## About chemical engineers

Chemical, biochemical and process engineering is the application of science, maths and economics to the process of turning raw materials into everyday products. Professional chemical engineers design, construct and manage process operations all over the world. Oil and gas, pharmaceuticals, food and drink, synthetic fibres and clean drinking water are just some of the products where chemical engineering plays a central role.

## About EFCE

Founded in 1953, The European Federation of Chemical Engineering (EFCE) is a non-profit-making association, whose object is to promote co-operation in Europe between non-profit-making professional scientific and technical societies in 30 countries for the general advancement of chemical engineering and as a means of furthering the development of chemical engineering. See [www.efce.org](http://www.efce.org)

## About Alvin and Helen Nienow

Professor Alvin W Nienow, DSc, FIChemE, FREng was a member of the Organizing Committee of the First European Mixing Conference in 1974. Since that time, he has been on the Organizing or Scientific Committee and contributed technically to the Conference series and to mixing research and practice as such. He was also a winner of the 2<sup>nd</sup> LRA in 2003 when it was sponsored by Ekato. He and his wife Helen count many people in Europe and world-wide working in mixing as their friends. Alvin and Helen are sponsoring this prize starting from the 2021 edition in recognition of the contribution that mixing in general and the European mixing community in particular has made to enhance the quality of their lives.
